AMERICA'S HOMETOWN

As Mayor of the great City of Fayetteville, I welcome you to our community. For those of you who are new to Fayetteville or just visiting, I hope you have the opportunity to meet and interact with the great people who reside in our city. Our residents love our city and have chosen to call this three-time All-American City their home. We welcome you and your family to join us here to live, worship, work and play.

While in Fayetteville, you'll notice that we have a great deal of cultural diversity present. We are one of the most diverse cities in the Southeast. Many languages and cultures are present here in Fayetteville. In fact, we have about 48 languages spoken across the city! Because of this, I believe it is our residents that make Fayetteville such a great place to work and live.

You will also find a strong sense of patriotism in Fayetteville due to our proximity to Fort Bragg, which is the home of the Airborne, Special Forces, Forces Command and Reserve Command of the U.S. Army. We are the home of the largest U.S. Army base in the country. If you see a service member, please take the time to thank them for their service.

Thank you for visiting or choosing to live in Fayetteville. We are grateful that you have elected to spend time in our city and wish you well in your time here. If you're interested in our historic downtown, recreation, retail or any dining option, please contact our Fayetteville Area Convention and Visitors Bureau at (910) 483-5311. I also encourage you to visit our City's website, where you can find a wealth of information about Fayetteville at www.FayettevilleNC.gov.

Sincerely,

Mitch Colvin, Mayor
City of Fayetteville

Welcome to the Cumberland County Schools (CCS). We are committed to empowering all students to collaborate, compete and succeed in an increasingly interconnected world. Serving more than 51,000 students at 87 schools, we are focused on meeting the diverse learning needs of our students.

At CCS, we provide a variety of schools and educational programs that allow parents and guardians to find the right fit for their child – and each comes with quality academic, arts, music, athletics and extracurricular opportunities that engage students, develop talents and build confidence. Our talented educators and support staff are highly skilled and strive daily to support the learning needs of students, ultimately helping them to achieve success in the classroom and beyond. We have built a strong support system for our military-connected students and are one of the founding members of the Military Compact and Military Child Education Coalition (MCEC). Each year, CCS graduates receive millions of dollars in scholarships and attend institutions of higher learning in our community, in our state and across the world.

We know that we cannot do this important work alone. We believe in building strong partnerships with parents and community stakeholders. As we look to the future and continue our work to improve the academic outcomes of students, we understand that it will take all of us — teachers, administrators, parents and community members — working together to ensure our students are life-ready and prepared to compete in a global society.

Once again, welcome to our community, and please contact us at 910-678-2300 if we can provide you with additional information about our schools. We look forward to partnering with you to provide your child with a quality education.

Sincerely,
Dr. Marvin Connelly, Jr.
